- Padlet

Picking a Topic

Complete Student Choice
Based on Their Interests

Genius Hour in the Primary Classroom

Research Stage

- They look online- learn how to "Google"

- They read information in books from the school library

- I find experts for them (or they find them themselves)

- They use YouTube or other video

Presenting

- Students decide which way they want to present.

- Students have used:

- Keynote

- 30 Hands

- Camera Roll

- Paper Posters

- iMovie

- Bambuser

When They Finish Their Project

- Makerspace

- Continued Research

- Create a proposal for the next time

- 3D printing pen
